15 ePUB-voorbeeld

01 PDF's uploaden

Begin met het uploaden van een of meer PDF's, met de knop Upload of door ze te slepen en neer te zetten.

- 1 Alles begint met het uploaden van een of meer PDF-bestanden.

- 2 Gebruik de knop Upload, of sleep meerdere PDF's erheen om ze in één keer te uploaden.

- 3 Wacht tot al je bestanden zijn geüpload.

02 Preflight-controles

PDFxT voert automatische preflight-controles uit op elke PDF. Bekijk welke controles belangrijk zijn voor ePUB-conversie en welke je kunt overslaan.

- 1 Open daarna je document.

- 2 We voeren een paar automatische preflight-controles uit, om te zien of de PDF in goede staat is.

- 3 Veel van deze controles zijn niet nodig voor ePUB-conversie. Je kunt ze gerust overslaan en doorgaan.

Settings & PDF presets

Kies hoe indexen, formulieren, afbeeldingen en andere elementen worden verwerkt, en sla die keuzes op als herbruikbare PDF preset.

- 1 Voordat je een bestand toegankelijk maakt, kun je kiezen hoe elementen zoals indexen, formulieren en afbeeldingen worden verwerkt.

- 2 Je kunt dit ook één keer instellen, als PDF preset. Ga daarvoor naar Settings en open PDF presets.
Geef de preset een naam.

- 3 Is dit je standaardpreset, vink dan het vakje Default aan.

- 4 Stel daarna de instellingen in, net zoals je bij een document zou doen.

- 5 Als je klaar bent, maak je de preset aan.

- 6 Als we nu teruggaan naar ons document, staat de preset in de keuzelijst, klaar om te kiezen.

- 7 Kies Accessible ePUB om de verwerking met je preset te starten.

04 Basis van de editor

Een rondleiding door de editor: paginaminiaturen, inhoudsopgave, hoofdstukken, zones, de PDF-weergave en het live HTML-voorbeeld dat in de ePUB komt.

- 1 Als je een document selecteert om aan te werken, zie je een indeling met drie kolommen.

- 2 Links staan de miniaturen, de inhoudsopgave, de hoofdstukindeling en de zones op de huidige pagina.

- 3 In het midden staat de PDF, waar je doorheen kunt scrollen. Terwijl je scrolt, scrolt de inhoud rechts mee. Dat is de HTML die echt in de ePUB komt.

- 4 Selecteer een zone om de details te zien in de zonezijbalk. Bovenaan staat de navigatiebalk, met opties voor de geselecteerde zone.

- 5 Het zwevende menu Actions bevat opties voor de hele pagina. Daar gaan we later dieper op in.

- 6 Linksonder kun je met het menu Layers elementen op de pagina tonen of verbergen.

- 7 Boven het HTML-voorbeeld staan schakelaars voor het stijlvenster en de stijlijst.

Er is ook een menu met alle beschikbare sneltoetsen. Die behandelen we later uitgebreider.

The screenshot displays the PDFxT web application interface. The top navigation bar includes links for Documents, Metadata, Workforce, Settings, Users, Logs, Billing, and Support. The main workspace shows a document titled 'Entrepreneurship' with a sidebar on the left containing a table of contents and a list of editing tools (Section, Paragraph, Horizontal Rule, etc.). The central area displays the document content, which includes text about OpenStax and Rice University, and a list of philanthropic supporters. A right-hand panel shows the 'HTML Preview' and a 'Keyboard Shortcuts' menu. The shortcuts menu lists various actions like 'Next Page', 'Previous Page', 'Delete Zone', and 'Set as H1' with corresponding keyboard shortcuts.

05 Paginanummers corrigeren

Controleer en corrigeer eerst de paginalabels, zodat links, noten en indexitems naar de juiste pagina's verwijzen.

- 1 Voordat we iets wijzigen, controleren en bevestigen we eerst of de paginanummers kloppen. Dit is cruciaal, want onjuiste paginanummers leiden tot onjuiste links, noten en indexen.

- 2 Elke miniatuur toont het paginalabel, met het fysieke paginanummer tussen haakjes.

- 3 Klik op het bewerkpictogram van een pagina om een label te wijzigen. Hier geven we de omslag het label Cover, en passen het toe.

- 4 Kies Range om meerdere pagina's tegelijk te labelen. We zetten pagina 2 tot en met 12 op kleine Romeinse cijfers, gebruikelijk voor voorwerk.

- 5 Pas de labels toe en controleer of de paginanummers nu kloppen.

06 Styles & bedrijfsstijlen

Bekijk het stylesheet dat PDFxt uit je document haalt, verwijder ongebruikte stijlen en koppel je stijlen aan een bedrijfsstylesheet.

- 1 Tijdens de eerste analyse herkent het systeem automatisch een stylesheet voor het document. Deze stijlen vind je in het menu Styles.

2 Hier zie je een lijst van alle stijlen in het document.

3 Ongebruikte stijlen kun je veilig verwijderen.

- 4 Stijlen die aandacht nodig hebben worden gemarkeerd, zoals bijna-duplicaten, die je kunt samenvoegen met een vergelijkbare stijl.

- 5 Heb je een CSS-bestand als Artifact geüpload, dan kun je het hier importeren.

- 6 Als je een of meer CSS-bestanden importeert, analyseert het systeem ze en vergelijkt ze met de CSS van het document, om stijlen voor vervanging voor te stellen. De popup toont links de stijlen van het document, en rechts de stijlen uit het Artifact van je bedrijf. Het systeem kiest automatisch vervangingen en stelt ze voor. Je kunt ze controleren en bevestigen.

- 7 Zodra de koppeling klaar is, zie je de nieuwe secties Company-governed en Document-governed.

8

Je kunt ook via een keuzelijst een vervanging kiezen voor een documentstijl.

9

Terug in het document toont het stijlvenster documentstijlen in paars en bedrijfsstijlen in groen. De popup toont ook het type van elke stijl.

07 DEEL 7 / 15 Zonering

Vergelijk pagina voor pagina de PDF met de HTML: leg omslagen vast als figuur, forceer regeleinden, corrigeer kolommen, verwijder kopregels en koppel de TOC opnieuw.

- 1 Nu controleren we pagina voor pagina of de PDF-inhoud goed in de HTML staat.

- 2 Pagina 1 is een omslag, dus die moet als afbeelding worden vastgelegd. Daarvoor hebben we verschillende pagina-acties. Page as figure, met de sneltoets **Shift** + **I**, zet de hele pagina om naar een afbeelding.

- 3 De omslag is nu één figuurzone, met ingevulde alt-tekst.

4

Op pagina 4 moet deze alinea in losse regels worden opgesplitst.

Bovenaan staat de balk met zone-instellingen, met diverse opties. Een daarvan is Force br, die geregeleinden toevoegt binnen de alinea-zone, zoals je ziet.

5

Onderaan deze pagina is de inhoud herkend als twee kolommen, maar het is eigenlijk een lijst met sleutels en waarden.

6

Om dit op te lossen, verwijder ik de rechterzone met de Delete-toets.

7

Daarna vergroot ik de overgebleven zone met **Shift** + **S**, zodat die beide kolommen beslaat.

8 Ook op deze zone pas ik Force br toe.

9 Op pagina 5 vergelijken we de zones met het HTML-voorbeeld. Het systeem had hier een horizontale lijn gedetecteerd. Die wil ik niet, dus ik verwijder hem.

- 10 Pagina 6 is een advertentie, die we met **Shift** + **I** als figuur vastleggen.

- 11 Ook markeer ik pagina 6 en 7 zodat ze in de ePUB op een nieuwe pagina beginnen.

- 12 Pagina 7 is de inhoudsopgave. Die is automatisch herkend en getagd.

- 13 Maar de oorspronkelijke TOC-links verwijzen naar de pagina, en ik wil dat ze naar de kop op die pagina linken.

- 14 Daarom verwerk ik de TOC opnieuw met de actie Process TOC, **Shift** + **C**. Ik stel de eindpagina in zodat alle TOC-pagina's worden meegenomen. Hier is een selectievakje om elk item te koppelen aan de tekst op de doelpagina. Als je dit aanzet, worden de links opnieuw gemaakt.

- 15 Als ik nu met de muis eroverheen ga, zie ik dat de link naar de doelzone gaat, niet alleen naar de pagina.

- 16 Op pagina 8 verwijder ik ook de lopende voettekst.

- 17 Terug op pagina 7 controleer ik de nieuwe TOC-links in de hoofdstukweergave van het HTML-voorbeeld.

- 18 Pagina 12 heeft een lopende voettekst. Die verwijder ik.

- 19 Pagina 13 ziet er goed uit.

20 Hier op pagina 16 is de kopregel ten onrechte als tekst herkend.

21 Als ik hem verwijder, vindt het systeem nog een pagina met dezelfde fout, en die kan ik hier ook verwijderen.

- 22 Onderaan pagina 16 heeft het systeem deze alinea getagd als doorlopend op de volgende pagina, en dat klopt niet.

- 23 Ik haal die tag weg.

TOC & hoofdstukken

Bouw de TOC op die in de NAV en NCX van de ePUB komt, en stel hoofdstukscheidingen in zodat elk hoofdstuk een eigen HTML-bestand wordt.

- 1 Nu gaan we de TOC corrigeren, die in het NAV- of NCX-bestand van de ePUB komt.

- 2 Het systeem importeert automatisch de TOC die in de PDF is ingebed, en toont die hier in het paneel Table of Contents.

- 3 Is de TOC zo niet beschikbaar, ga dan naar de TOC-pagina's in het document en gebruik de knop Import om alle TOCI-elementen van die pagina op te halen.

- 4 Deze stap herhalen we voor alle TOC-pagina's. Elke import voegt de items van die pagina toe aan de TOC-lijst, met hun paginanummers.

- 5 Daarna gebruiken we de functie Bulk edit om ontbrekende TOCI-items toe te voegen, met hun paginanummers. Hier voeg ik de ontbrekende items Cover en Copyright bovenaan de lijst toe, en sla ik op.

- 6 Daarna gaan we naar het menu Chapters. Ook hier staan Cover en Copyright.

- 7 Hier leggen we de hoofdstukscheidingen vast. Elk hoofdstuk hier wordt een apart HTML-bestand in de ePUB.

8

Je kunt hoofdstukscheidingen ook direct op de PDF toevoegen. Ik klik op de knop Add chapter break tussen de pagina's en voer een titel in.

9

Je ziet het terug in de hoofdstuklijst links.

- 10 Dit herhaal ik voor de advertentiepagina, en daarna voor de inhoudsopgave, zodat elk een eigen hoofdstuk wordt.

- 11 Tot slot voeg ik een hoofdstukscheiding toe voor het voorwoord, en die verschijnt in de lijst links.

- 12 Laten we het document nu exporteren als ePUB.

- 13 Het voorbeeld toont hoe de pagina's in hoofdstukken worden verdeeld voor de ePUB, volgens de lijst Chapters.

Stijlen toepassen

Bekijk en bewerk de CSS van elke zone, corrigeer bovenliggende zone en leesvolgorde, bekijk stijlwijzigingen live en bewerk de HTML direct.

1

In de HTML-inhoud kunnen we het venster Styles inschakelen.

The screenshot displays the PDFxT editor interface. The main window shows a document titled 'Entrepreneurship' with a table of contents on the left and a preview of a page titled '3.1 Ethical and Legal Issues in Entrepreneurship' in the center. The 'Styles' panel on the right is open, showing a list of styles such as 'bg-gainsboro-padded', 'bg-gainsboro-padded-2', etc. The document content includes sections like 'Learning Objectives', 'Stakeholders', and 'WORK IT OUT'. The 'Styles' panel also includes a 'Filter styles...' search bar and a 'Report issue' button at the bottom.

2 Klik dan op een stijlnaam om de CSS te zien die op die zone is toegepast.

3 Ik kan het stylesheet aanpassen, zoals deze achtergrondkleur.

- 4 Of, zoals hier, ik verwijder de class helemaal.
Ik krijg de vraag of ik hem overal wil verwijderen, of alleen hier.

- 5 Normaal kies ik een bedrijfsstijl om hem te vervangen.

6

Nu bewerk ik deze stijl, die op meerdere pagina's wordt gebruikt.

Ik verwijder een eigenschap, en pas de wijziging toe op de oorspronkelijke stijl, in alle 24 zones.

7

Hier staat een kader.

Als ik naar de zones kijk, zie ik dat de kop ten onrechte buiten het kader staat.

Eerst corrigeer ik de bovenliggende zone en de leesvolgorde, zodat de kop in het kader komt.

10 Ik pak deze extra sectie uit, zodat de kop in het kader kan.

11 Daarna maak ik de sectie de bovenliggende zone van de kop, en werk ik de leesvolgorde bij.

- 12 Daarna geef ik het kader een eigen stijl.
Ik kan mijn wijzigingen live bekijken voordat ik ze toepas.

- 13 Als het goed is, pas ik het toe op deze zone.

- 14 Daarna geef ik de kop een eigen stijl.
Hier pas ik de marges aan en bekijk ik het resultaat.

- 15 En ik sla het op in deze zone.

16 Dezelfde editor werkt ook voor bedrijfsstijlen, zoals deze alineamarge.

17 Terug in het HTML-voorbeeld worden het kader en de kop nu samen weergegeven.

- 18 We kunnen de HTML ook direct in de editor bewerken.
Bij deze voetnoot kan ik bijvoorbeeld de HTML aanpassen als dat nodig is.
Hetzelfde doe ik bij de volgende voetnoot.

- 19 Op de volgende pagina pas ik de achtergrond van dit kader aan en sla ik die op in de stijl.

- 20 Voor deze kop zoek ik in het stijlvenster, dat ook het bedrijfsstylesheet toont, en pas ik een nieuwe stijl toe.

The screenshot displays the PDFxT web application interface. The top navigation bar includes links for Documents, Metadata, Workforce, Settings, Users, Logs, Billing, and Support. The main document area shows a PDF titled 'Entrepreneurship' with various editing tools and a 'Return' button. The left sidebar contains a 'ZONES' panel with a list of sections and a 'Heading (H5)' panel with a 'Type' dropdown set to 'Heading' and a 'Tag' dropdown set to 'H5'. The right sidebar features an 'HTML Preview' window showing a preview of the document's HTML structure, including a 'LINK TO LEARNING' section and a 'Being an Ethical Entrepreneur' section. Below the preview is a 'COMPANY STYLESHEET' panel with a list of styles and a 'Report Issue' button.

Tag tabellen en teken ze opnieuw, corrigeer rijen, kolommen en spans in de tabelleeditor in 5 stappen, en voeg een tabel samen die over meerdere pagina's doorloopt.

- 1 Het systeem herkent en tagt alle tabellen automatisch.

The screenshot shows the PDFxT editor interface. On the left is a table of contents with chapters 232 to 249. The main content area displays a document titled 'Entrepreneurship' with a table titled 'Summary of Pitch Scenarios' (Table 7.3). The table has four columns: Audience, Pitch Length, Pitch Approach, and Key. The table content is as follows:

Audience	Pitch Length	Pitch Approach	Key
Friends and family	Fifteen minutes	Usually verbal with a simple companion one-page handout explaining the concept, value proposition, and funds needed to get the enterprise off the ground	Should be the first step in the business plan and include a market analysis
Elevator pitch competitions	Two to five minutes	Usually a verbal pitch or single slide summarizing need, solution, market, opportunity	Should be high value and to the point
	Five to fifteen minutes depending on venue/ rules	Varies from basic verbal to deck of one to eight slides	Present that includes

The interface also shows a 'Layers' panel at the bottom left and a 'Report issue' button at the bottom right.

2 Stel dat er een probleem was met deze tabel.

The screenshot shows the PDFxT interface with a document titled 'Entrepreneurship'. The main content is a table titled 'Summary of Pitch Scenarios' (Table 7.3). The table has five columns: Audience, Pitch Length, Pitch Approach, Key Concept, and Notes. The rows represent different pitch scenarios for various audiences.

Audience	Pitch Length	Pitch Approach	Key Concept	Notes
Friends and family	Fifteen minutes	Usually verbal with a simple companion one-page handout explaining the concept, value proposition, and funds needed to get the enterprise off the ground.	Should cover basic elements of the business model and concept, unmet need, and solution (including if it seems patentable), market and sales potential, and high-level risks.	This common pitch can be emotional as founders are appealing to people they know well and are counting on their personal reputation and credibility vs. detailed data to sell the idea.
Elevator pitch competitions	Two to five minutes	Usually a verbal pitch or single slide summarizing need, solution, market, opportunity.	Should cover high-level innovation, value proposition, and a 'call to action' to close the audience.	Very common at accelerator or incubator events, university entrepreneurship events, etc. Prices range from free services to \$1,000-2,000.
Angels for pitch competition	Five to fifteen minutes depending on venue/rules	Varies from basic verbal to deck of one to eight slides, ending with a 'call to action' that might require capital needs.	Presentation that may include slides and/or video as specified in competition rules.	These are very common and help the entrepreneur refine the pitch.
Early investors	Ten to twenty minutes, depending on venue/rules	Startup presentation with slides and video or demo of product/service.	Presentation that may include slides and/or video; more formal than pitch competitions with a specific 'ask' for capital needs and age.	Very common with angel investors; often the deck is required to be sent before the event.
Employees	Ten to twenty minutes	Startup presentation with slides and video or demo of product/service.	Major outcome is to inform and inspire; this can be a recurring event and should be informal.	Very common in startups; usually monthly and company is profitable.

3 Ik verwijder alle tags op deze pagina met **Shift** + **Del**, en teken de kop en de tabel opnieuw.

The screenshot shows the PDFxT interface with a dialog box open. The dialog box has the title 'Delete all tags from page 251' and the text 'Are you sure you want to delete all tags from this page? This action cannot be undone.' There are two buttons: 'Cancel' and 'Delete tags'.

4 Ook verwijder ik de tabeltag op de volgende pagina, waar de tabel doorloopt.

The screenshot shows the PDFxT interface with page 240 (252) of 'Entrepreneurship' open. The left sidebar shows the 'ZONES' list with 'Caption Table 7.3' selected. The main content area shows a table titled 'Table 7.3' with columns: Audience, Pitch Length, Pitch Approach, Key Context, and Notes. A red box highlights the table caption area, and a red arrow points to the 'CAP' tag. A tooltip in the top right corner says: 'Found 3 similar zones in the same position on following pages. Would you like to delete these similar zones as well? Delete 3 Zones'. The right sidebar shows the 'STYLES' panel with 'footnote' selected.

Audience	Pitch Length	Pitch Approach	Key Context	Notes
Trade groups/associations	Ten to twenty minutes	Standup presentation with slides and video or demo of product/service; may be tailored to the specific group	Major outcome is to inform and connect to other key groups (investors, customers, etc.)	Very common at trade conferences; some have their own pitch competitions
Grant-making agencies (such as NIH, NSF)	Ten to twenty minutes if in person but usually embedded in grant application	Usually written but can lead to face-to-face meetings, depending on agency rules	Outcome is to get "scored" to gain grant funding if not awarded, company can reapply in the next grant cycle	Grants are often technical and usually awarded for research and cannot be used for any commercial activities

5 Eerst kies ik Heading in het menu Actions en teken ik die rond de tabeltitel.

The screenshot shows the PDFxT interface with page 239 (251) of 'Entrepreneurship' open. The left sidebar shows 'No active zones on this page'. The main content area shows a table titled 'Summary of Pitch Scenarios' with columns: Audience, Pitch Length, Pitch Approach, Key Context, and Notes. A red box highlights the table title area, and a red arrow points to the 'Draw <H1>' button. A tooltip in the top right corner says: 'Hold the left mouse button and drag to draw a zone. Stay within a single column, don't draw across columns.' The right sidebar shows the 'STYLES' panel with 'h1' selected.

Audience	Pitch Length	Pitch Approach	Key Context	Notes
Friends and family	Fifteen minutes	Usually verbal with a simple companion one-page handout explaining the concept, value proposition, and funds needed to get the enterprise off the ground	Should cover basic elements of the business model and concept, unmet need, and solution (including if it seems patentable), market and sales potential, and high-level risks	This common pitch can be emotional as founders are appealing to people they know well and are counting on their personal reputation and credibility vs. detailed data to sell the idea
Elevator pitch competitions	Two to five minutes	Usually a verbal pitch or single slide summarizing need, solution, market, opportunity	Should cover high-level innovation, value proposition, and a "call to action" to close the audience	Very common at accelerator or incubator events, university entrepreneurship events, etc. Prizes range from free services to \$1,000-2,000
Judges for pitch competition	Five to fifteen minutes depending on venue/rules	Varies from basic verbal to deck of one to eight slides, ending with a "call to action"; might require capital needs	Presentation that may include slides and/or video as specified in competition rules	These are very common and help the entrepreneur refine the pitch
Early investors	Ten to twenty minutes, depending on venue/rules	Standup presentation with slides and video or demo of product/service	Presentation that may include slides and/or video; more formal than pitch competitions with a specific "ask" for capital needs and use	Very common with angel investors; often the deck is required to be sent before the event
Employees	Ten to twenty minutes	Standup presentation with slides and video or demo of product/service	Major outcome is to inform and inspire; this can be a recurring event and should be informal	Very common in startups; usually monthly until company is profitable

- 6 Voor de tabel kies ik Table als zone in het menu Actions, of ik gebruik de T-toets, en teken ik een zone rond de tabel.

- 7 Hetzelfde doe ik voor de rest van de tabel op de volgende pagina.

8

Het systeem detecteert de rijen en kolommen automatisch.

The screenshot shows the PDFxT interface with a document titled 'Entrepreneurship'. The main content area displays a table titled 'Summary of Pitch Scenarios' (Table 7.3). The table has 5 columns: Audience, Pitch Length, Pitch Approach, Key Content, and Notes. The rows represent different audiences: Friends and family, Elevator pitch competitions, Judges for pitch competition, Early investors, and Employees. The HTML preview on the right shows the table structure with rows and columns identified.

Audience	Pitch Length	Pitch Approach	Key Content	Notes
Friends and family	Fifteen minutes	Usually verbal with a simple companion one-page handout explaining the concept, value proposition, and funds needed to get the enterprise off the ground.	Should cover basic elements of the business model and concept, unmet need, and solution (including if it seems patentable), market and sales potential, and high-level risks.	This common pitch can be emotional as founders are appealing to people they know well and are counting on their personal reputation and credibility vs. detailed data to sell the idea.
Elevator pitch competitions	Two to five minutes	Usually a verbal pitch or single slide summarizing need, solution, market, opportunity	Should cover high-level innovation, value proposition, and a "call to action" to close the audience.	Very common at accelerator or incubator events, university entrepreneurship events, etc. Prizes range from free services to \$1,000-2,000.
Judges for pitch competition	Five to fifteen minutes depending on venue/rules	Varies from basic verbal to deck of one to eight slides, ending with a "call to action"; might require capital	Presentation that may include slides and/or video as specified in competition rules	These are very common and help the entrepreneur refine the pitch
Early investors	Ten to twenty minutes, depending on venue/rules	Standup presentation with slides and video or demo of product/service	Presentation that may include slides and/or video; more formal than pitch competitions with a specific "ask" for capital needs and use.	Very common with angel investors; often the deck is required to be sent before the event
Employees	Ten to twenty minutes	Standup presentation with slides and video or demo of product/service	Major outcome is to inform and inspire; this can be a recurring event and should be informal	Very common in startups; usually monthly until company is profitable

9

Ik kan het resultaat controleren in het HTML-voorbeeld.

The screenshot shows the PDFxT interface with a document titled 'Entrepreneurship'. The main content area displays a table titled 'Summary of Pitch Scenarios' (Table 7.3). The table has 5 columns: Audience, Pitch Length, Pitch Approach, Key Content, and Notes. The rows represent different audiences: Friends and family, Elevator pitch competitions, Judges for pitch competition, Early investors, and Employees. The HTML preview on the right shows the table structure with rows and columns identified.

Audience	Pitch Length	Pitch Approach	Key Content	Notes
Friends and family	Fifteen minutes	Usually verbal with a simple companion one-page handout explaining the concept, value proposition, and funds needed to get the enterprise off the ground.	Should cover basic elements of the business model and concept, unmet need, and solution (including if it seems patentable), market and sales potential, and high-level risks.	This common pitch can be emotional as founders are appealing to people they know well and are counting on their personal reputation and credibility vs. detailed data to sell the idea.
Elevator pitch competitions	Two to five minutes	Usually a verbal pitch or single slide summarizing need, solution, market, opportunity	Should cover high-level innovation, value proposition, and a "call to action" to close the audience.	Very common at accelerator or incubator events, university entrepreneurship events, etc. Prizes range from free services to \$1,000-2,000.
Judges for pitch competition	Five to fifteen minutes depending on venue/rules	Varies from basic verbal to deck of one to eight slides, ending with a "call to action"; might require capital	Presentation that may include slides and/or video as specified in competition rules	These are very common and help the entrepreneur refine the pitch
Early investors	Ten to twenty minutes, depending on venue/rules	Standup presentation with slides and video or demo of product/service	Presentation that may include slides and/or video; more formal than pitch competitions with a specific "ask" for capital needs and use.	Very common with angel investors; often the deck is required to be sent before the event
Employees	Ten to twenty minutes	Standup presentation with slides and video or demo of product/service	Major outcome is to inform and inspire; this can be a recurring event and should be informal	Very common in startups; usually monthly until company is profitable

- 10 De tabel op de volgende pagina wordt op dezelfde manier herkend.

PDFxT interface showing a table on page 252. The table is titled "Pitch Audiences" and has 5 columns: Audience, Pitch Length, Pitch Approach, Key Content, and Notes. The table contains 2 rows of data. The interface shows the table is recognized as a table with 32 zones.

Audience	Pitch Length	Pitch Approach	Key Content	Notes
Trade groups/associations	Ten to twenty minutes	Standup presentation with slides and video or demo of product/service; may be tailored to the specific group.	Major outcome is to inform and connect to other key groups (investors, customers, etc.)	Very common at trade conferences; some have their own pitch competitions
Grant-making agencies (such as NIH, NSF)	Ten to twenty minutes if in person but usually embedded in grant application	Usually written but can lead to face-to-face meeting, depending on agency rules	Outcome is to get "scored" to gain grant funding; if not awarded, company can reapply in the next grant cycle	Grants are often technical and usually awarded for research and cannot be used for any commercial activities

- 11 Is de tabel nog steeds fout, of kloppen de colspans en rowspans niet, dan kan ik de tabel bewerken.

PDFxT interface showing a table on page 251. The table is titled "Summary of Pitch Scenarios" and has 5 columns: Audience, Pitch Length, Pitch Approach, Key Content, and Notes. The table contains 4 rows of data. The interface shows the table is recognized as a table with 40 zones.

Audience	Pitch Length	Pitch Approach	Key Content	Notes
Friends and family	Fifteen minutes	Usually verbal with a simple companion one-page handout explaining the concept, value proposition, and funds needed to get the enterprise off the ground.	Should cover basic elements of the business model and concept, unmet need, and solution (including if it seems patentable, market and sales potential, and high-level risks).	This common pitch can be emotional as founders are appealing to people they know well and are counting on their personal reputation and credibility vs. detailed data to sell the idea.
Elevator pitch competitions	Two to five minutes	Usually a verbal pitch or single slide summarizing need, solution, market, opportunity.	Should cover high-level innovation, value proposition, and a "call to action" to close the audience.	Very common at accelerator or incubator events, university entrepreneurship events, etc. Prizes range from free services to \$1,000-2,000.
Judges for pitch competition	Five to fifteen minutes depending on venue/rules	Varies from basic verbal to deck of one to eight slides, ending with a "call to action"; might require capital needs.	Presentation that may include slides and/or video as specified in competition rules.	These are very common and help the entrepreneur refine the pitch.
Early investors	Ten to twenty minutes, depending on venue/rules	Standup presentation with slides and video or demo of product/service.	Major outcome is to inform and engage; this can be a recurring event and should be informal.	Very common with angel investors; often the deck is required to be sent before the event.
Employees	Ten to twenty minutes	Standup presentation with slides and video or demo of product/service.	Major outcome is to inform and engage; this can be a recurring event and should be informal.	Very common in startups; usually monthly until company is profitable.

12 Dit gaat in 5 stappen. Stap 1: we bevestigen de vorm van de tabel.

The screenshot shows the PDFxT software interface. On the left, there's a sidebar with table settings. The main area displays a table titled "Summary of Pitch Scenarios". The table has 5 columns: Audience, Pitch Length, Pitch Approach, Key Content, and Notes. The table is currently in edit mode, with a "Table" tool selected. A tooltip at the bottom indicates "Table 1. Boundary. 2 Rows. 5 Columns. 4 Spans. 5 Sections".

Audience	Pitch Length	Pitch Approach	Key Content	Notes
Friends and family	Fifteen minutes	Usually verbal with a simple companion one-page handout explaining the concept, value proposition, and funds needed to get the enterprise off the ground	Should cover basic elements of the business model and concept, current need, and solution (including if it seems patentable, market and sales potential, and high-level risks)	This common pitch can be emotional as founders are appealing to people they know well and are counting on their personal reputation and credibility vs. detailed data to sell the idea
Elevator pitch competitions	Ten to five minutes	Usually a verbal pitch or single slide summarizing need, solution, market, opportunity	Should cover high-level innovation, value proposition, and a "call to action" to close the audience	Very common at accelerator or incubator events, university entrepreneurship events, etc. Prizes range from free services to \$1,000-2,000
Judges for pitch competition	Five to fifteen minutes depending on venue/rule	Varies from basic verbal to deck of one to eight slides, ending with a "call to action"; might require capital needs	Presentation that may include slides and/or video as specified in competition rules	These are very common and help the entrepreneur refine the pitch
Early investors	Ten to twenty minutes, depending on venue/rule	Standup presentation with slides and video or demo of product/service	Presentation that may include slides and/or video; more formal than pitch competitions with a specific "ask" for capital needs and use	Very common with angel investors; often the deck is required to be sent before the event.
Employees	Ten to twenty minutes	Standup presentation with slides and video or demo of product/service	Major outcome is to inform and inspire; this can be a recurring event and should be informal	Very common in startups; usually monthly until company is profitable

13 Stap 2: we markeren de rijen.

The screenshot shows the PDFxT software interface. On the left, there's a sidebar with table settings. The main area displays the same table as before, but now with rows marked. The table is titled "Summary of Pitch Scenarios". The table has 5 columns: Audience, Pitch Length, Pitch Approach, Key Content, and Notes. The table is currently in edit mode, with a "Table" tool selected. A tooltip at the bottom indicates "Table 1. Boundary. 2 Rows. 5 Columns. 4 Spans. 5 Sections".

Audience	Pitch Length	Pitch Approach	Key Content	Notes
Friends and family	Fifteen minutes	Usually verbal with a simple companion one-page handout explaining the concept, value proposition, and funds needed to get the enterprise off the ground	Should cover basic elements of the business model and concept, current need, and solution (including if it seems patentable, market and sales potential, and high-level risks)	This common pitch can be emotional as founders are appealing to people they know well and are counting on their personal reputation and credibility vs. detailed data to sell the idea
Elevator pitch competitions	Ten to five minutes	Usually a verbal pitch or single slide summarizing need, solution, market, opportunity	Should cover high-level innovation, value proposition, and a "call to action" to close the audience	Very common at accelerator or incubator events, university entrepreneurship events, etc. Prizes range from free services to \$1,000-2,000
Judges for pitch competition	Five to fifteen minutes depending on venue/rule	Varies from basic verbal to deck of one to eight slides, ending with a "call to action"; might require capital needs	Presentation that may include slides and/or video as specified in competition rules	These are very common and help the entrepreneur refine the pitch
Early investors	Ten to twenty minutes, depending on venue/rule	Standup presentation with slides and video or demo of product/service	Presentation that may include slides and/or video; more formal than pitch competitions with a specific "ask" for capital needs and use	Very common with angel investors; often the deck is required to be sent before the event.
Employees	Ten to twenty minutes	Standup presentation with slides and video or demo of product/service	Major outcome is to inform and inspire; this can be a recurring event and should be informal	Very common in startups; usually monthly until company is profitable

- 14 Voor deze demo verwijder ik de rijen en teken ik ze opnieuw. Om een rij te tekenen, sleep ik gewoon over de tabel.

The screenshot shows the PDFXt editor interface. On the left, a sidebar lists the document structure: 'Heading (H6) Summary of Pitch Scenarios', 'Table (2) Audience Pitch Length Pitch Appro...', 'Table Head (THEAD) (1)', and 'Table Body (TBDY) (5)'. The main area displays a table titled 'Summary of Pitch Scenarios' with 5 columns: 'Audience', 'Pitch Length', 'Pitch Approach', 'Key Content', and 'Notes'. The table has 5 rows. A modal dialog is open at the bottom with the text 'Drag to draw rows. 3 drawn' and buttons for 'Cancel', 'Back', 'Next', and 'Delete all rows'.

Audience	Pitch Length	Pitch Approach	Key Content	Notes
Friends and family	Fifteen minutes	Usually verbal with a simple companion one-page handout explaining the concept, value proposition, and funds needed to get the enterprise off the ground	Should cover basic elements of the business model and concept, unmet need, and solution (including if it seems patentable, market and sales potential, and high-level risks)	This common pitch can be emotional as founders are appealing to people they know well and are counting on their personal reputation and credibility vs. detailed data to sell the idea
Elevator pitch competitions	Two to five minutes	Usually a verbal pitch or single slide summarizing need, solution, market, opportunity	Should cover high-level innovation, value proposition, and a "call to action" to close the audience	Very common at accelerator or incubator events, university entrepreneurship events, etc. Prizes range from free services to \$1,000-2,000
Judges for pitch competition	Five to fifteen minutes depending on venue/ rules	Varies from basic verbal to deck of one to eight slides, ending with a "call to action", might require capital needs	Presentation that may include slides and/or video as specified in competition rules	These are very common and help the entrepreneur refine the pitch

Employees	Ten to twenty minutes	Standup presentation with slides and video or demo of product/ service	Major outcome is to inform and inspire; this can be a recurring event and should be informal	Very common in startups; usually monthly until company is profitable

16 In stap 4 corrigeren we de rij- en kolomspans door cellen samen te voegen of te splitsen.

The screenshot shows the PDFXt editor interface. On the left, a sidebar lists document elements: 'Heading (H6) Summary of Pitch Scenarios', 'Table (2) Audience Pitch Length Pitch Appro...', 'Table Head (THEAD) (1)', and 'Table Body (TBODY) (9)'. The main workspace displays a table titled 'Summary of Pitch Scenarios' with 5 columns: Audience, Pitch Length, Pitch Approach, Key Content, and Notes. A 'Merge (0)' dialog box is open, showing options to 'Merge', 'Unmerge', 'Clear', 'Cancel', 'Back', and 'Next'. The dialog indicates '0 cells selected. Pick adjacent cells to Merge, or Next to assign sections.'

17 De laatste stap is de detectie van thead, tbody entfoot. Ik klik op de rijlabels om te wisselen tussen header, body en footer.

The screenshot shows the PDFXt editor interface. The table 'Summary of Pitch Scenarios' is now visible with row labels on the left: 'Header', 'Body', 'Body', 'Body', 'Body', and 'Body'. A 'Finish' button is visible in the bottom right corner of the table area. The dialog box at the bottom indicates 'Click the row labels to cycle Header / Body / Footer. Finish when done.'

18 Als alles klaar is, slaan we de tabel op.

Report Issue

20 In dit geval is de tabel over twee pagina's verdeeld.

The screenshot shows the PDFXt interface with a document titled 'Entrepreneurship'. The document is on page 252 of 631. The table 'Table 7.3' is split across two pages. The first part of the table is on page 252, and the second part is on page 253. The table has columns: Audience, Pitch Length, Pitch Approach, Key Content, and Notes. The 'Pitch Audiences' section is on page 252, and the 'Investors' section is on page 253. The interface shows the document is 'Entrepreneurship' and the table is on page 252 of 631.

21 Hiervoor hebben we de knoppen Continued from en Continued to, of de optie Stitch text in de bovenste balk.

The screenshot shows the PDFXt interface with a document titled 'Entrepreneurship'. The document is on page 251 of 631. The table 'Table 7.3' is split across two pages. The first part of the table is on page 251, and the second part is on page 252. The table has columns: Audience, Pitch Length, Pitch Approach, Key Content, and Notes. The 'Pitch Audiences' section is on page 251, and the 'Investors' section is on page 252. The interface shows the document is 'Entrepreneurship' and the table is on page 251 of 631. A dialog box is open, showing the 'This TB continues from...' message and the 'Merge first TR instead' option.

22 Daarmee kies ik welke zone doorloopt in welke zone.

The screenshot shows the PDFxT interface with a document titled 'Entrepreneurship'. A table is visible with columns: Audience, Pitch Length, Pitch Approach, Key Content, and Notes. A 'Stitch text' dialog box is open, showing options to 'CONTINUE FROM (EARLIER)', 'CONTINUE TO (LATER)', or 'Select a later zone...'. The 'Select a later zone...' option is selected, and a list of zones is shown: [0] TB: HD > TR, [3] TB > BD, [4] TB > BD > TR, [5] TB > BD > TR, [6] TB > BD > TR, [7] TB > BD > TR, [8] TB > BD > TR.

Audience	Pitch Length	Pitch Approach	Key Content	Notes
Trade groups/ associations	Ten to twenty minutes	Standup presentation with slides and video or demo of product/ service; may be tailored to the specific group	Major outcome is to inform and connect to other key groups (investors, customers, etc.)	Very common at trade conferences; some have their own pitch competitions
Grant-making agencies (such as NIH, NSF)	Ten to twenty minutes if in person but usually embedded in grant application	Usually written but can lead to face-to-face meeting, depending on agency rules	Outcome is to get "scored" to gain grant funding; if not awarded, company can reapply in the next grant cycle	Grants are often technical and usually awarded for research and cannot be used for any commercial activities

23 Zodra het samenvoegen is bevestigd, zijn de zones gekoppeld.

The screenshot shows the PDFxT interface with the same document. A green notification box at the top right says 'Zones linked'. The table and text content are the same as in the previous screenshot, but the 'Stitch text' dialog box is no longer open.

Teken voetnootzones en gebruik Process Notes linking om tweerichtingslinks tussen verwijzingen en noten opnieuw op te bouwen.

- 1 Voetnoten, en ook eindnoten per hoofdstuk en per boek, worden automatisch herkend en getagd door PDFxt, met links vanuit elke notenverwijzing.

2 Open de link van een verwijzing, en je ziet naar welke voetnootzone die verwijst.

The screenshot shows the PDFxT interface with a document titled 'Entrepreneurship'. The left sidebar shows the document structure with sections like 'Paragraph', 'Section (Div)', and 'Horizontal Rule'. The main area displays a pitch deck titled 'The Pitch Deck' with various slides. A 'Footnote' section is visible at the bottom, containing text about the pitch deck. The 'Edit Link' dialog is open, showing the 'REFERENCE TEXT' and 'DESTINATION PAGE'.

Edit Link

6 Herhaal dit voor de tweede voetnoot.

The screenshot shows the PDFxT interface with a document titled 'Entrepreneurship'. The main content area displays a pitch deck titled 'The Pitch Deck'. The document is divided into sections, including 'Introduction', 'Problem Statement', 'Solution Statement', 'Market Size', 'Competitive Advantage', and 'Financial Projections'. A 'Return' button is visible in the top left corner of the document area, and a 'Cancel Draw' button is in the top right. A 'Zone created' notification is shown in the top right corner of the PDFxT window. The document content includes text about Airbnb's success and a list of slides.

7 Gebruik daarna de pagina-actie Process Notes linking, **Shift** + **N**.

The screenshot shows the PDFxT interface with the same document. A 'Process Notes linking' action menu is open, showing various actions like 'Copy zones', 'Paste zones', 'Process TOC', 'Process Index', 'Process Notes linking', 'Process Internal Links', 'Process Internal Images', 'Process Forms', 'Page as figure', 'Clean all tags', 'Reset Zones', 'Export PDF', and 'Reload Zones'. The 'Process Notes linking' action is highlighted. The document content is the same as in the previous screenshot.

Zo worden de links van de verwijzingen naar de voetnoten opnieuw gemaakt.

Bij elke voetnootzone tonen we ook de gegevens van de tweerichtingslink.

10

11

The screenshot shows a PDF viewer interface with a document titled "Entrepreneurship". The document is displayed in a two-column layout. The left column contains a table of contents with sections like "List (ul)", "Paragraph", "Section (Div)", and "Footnote". The right column shows the main text of the document, which is a pitch deck for Airbnb. The text is annotated with various notes and highlights. A sidebar on the right shows a list of sections and a search bar. The bottom of the screen shows a "Layers" panel with a list of layers.

The document content includes sections such as "Developing Pitches for Various Audiences", "Consider what was involved in creating this Airbnb slide deck", "Elevator Pitches", and "After looking at an exemplary pitch deck adapted by a niche market leader between seed funding and the venture capital quest".

The sidebar on the right shows a list of sections and a search bar. The bottom of the screen shows a "Layers" panel with a list of layers.

Verwerk een volledige index in één stap: PDFxt maakt de indexitems aan en linkt elk paginanummer, daarna controleer jij het resultaat.

- 1 Je weet vast hoe ingewikkeld het is om paginanummers in een index te taggen. PDFxt automatiseert dit volledig.

- 2 Ga naar de eerste indexpagina en kies Process Index in het menu Actions, **Shift** + **X**.

- 3 Stel het paginabereik zo in dat de hele index erin valt.

4 PDFxt maakt automatisch de indexitems aan en linkt ze naar hun pagina's.

5 Als gebruiker kun je de resultaten pagina voor pagina controleren.

6

Elk item is getagd, en de paginanummers linken naar de juiste pagina's.

7

Op de laatste pagina is de zonering misgegaan, en PDFxT markeert de leesvolgordelijijn om dat aan te geven.

8 Dat los ik snel op.

9 Verwijder eerst de zone die het laatste item heeft samengevoegd met de kop X.

- 10 Teken het laatste item daarna opnieuw als eigen zone.

- 11 Pas de stijl index-entry toe, zodat het overeenkomt met de andere items.

12 Teken daarna X opnieuw als kop.

The screenshot shows the PDFxT interface with a document titled 'Entrepreneurship'. The left sidebar displays a table of contents with entries like 'work-life balance 24', 'Paragraph 320', 'workplace culture 110', 'World Bank 266', 'World Factbook 286', 'World War I 58', 'World War II 58', 'World's Most Ethical Companies 91', 'Wozniak 230', 'X.com 355', 'Xerox 174', 'XEROX Corporation 166', 'Y Combinator 252, 527, 585', 'Yahoo 494', 'Yahoo! 292', 'Yamauchi 357', 'Yellin 120', 'Yelp 276, 294', 'YouTube 62, 172, 291, 293, 297, 550, 576', and 'Yunus 106'. The main area shows a diagram with a red line connecting 'X.com' to 'X.com 355'. A tooltip at the top right says: 'Hold the left mouse button and drag to draw a zone. Stay within a single column, don't draw across columns.'

13 Klaar.

The screenshot shows the PDFxT interface with the same document. The left sidebar displays the same table of contents. The main area shows the diagram with a red line connecting 'X.com' to 'X.com 355'. A tooltip at the top right says: 'Zone created. Look for this on the following pages? Find matches'.

Bekijk en bewerk de ePUB-metadata die PDFxt detecteert, zoals titel, auteur, uitgever en ISBN.

- 1 Als we klaar zijn om te exporteren, kunnen we de metadata van de ePUB controleren. Die wordt automatisch door de tool gedetecteerd. We kunnen zo nodig wijzigingen aanbrengen, zoals hier de auteur corrigeren.

The screenshot shows the PDFxt web interface for editing document metadata. The top navigation bar includes links for Documents, Metadata, Workforce, Settings, Users, Logs, Billing, and Support. The main header displays 'Document Information - Entrepreneurship-WEB' and a 'Return to document' link. Below the header, a sub-navigation bar contains 'Metadata', 'Settings', 'Styles', 'Export / download', 'Export checks', and 'Logs'. The 'Metadata' tab is active, showing a document cover image on the left with the title 'Entrepreneurship' and a 'Ready To Remediate' button. To the right of the cover is a form for 'Original document' metadata, which includes fields for Title, Author, Language, Multi-lingual, Created Date, Producer, and Uploaded By. Below this is a section for 'Additional ePub metadata' with fields for Source ISBN, ePub ISBN, and Publisher. A 'Report issue' button is located at the bottom right of the form.

Exporteren

Exporteer de toegankelijke ePUB, los waarschuwingen over de hoofdstukindeling op en voer EPUBCheck en Ace uit op het resultaat.

1

De laatste stap is het exporteren van de toegankelijke ePUB.

- 2 Voor het exporteren toont PDFxt de sectiestructuur, en waarschuwt dat 2 pagina's zijn gemist bij de hoofdstukindeling.

- 3 We gaan terug naar de editor om dat op te lossen.

- 4 Het paneel Chapters toont dezelfde waarschuwing, dus we corrigeren de hoofdstuklijst met Bulk Edit Chapters.

- 5 Ziet er nu goed uit. We exporteren de ePUB, en deze keer geeft het structuurvoorbeeld geen waarschuwingen.
Ik laat ook EPUBCheck en Ace uitvoeren op de ePUB.

- 6 Bij heel grote documenten zoals dit kan dat een flink aantal minuten duren.

- 7 Op het tabblad Export checks kan ik controles uitvoeren, of de laatste resultaten van EPUBCheck en Ace bekijken.

Als het klaar is, wordt het bestand automatisch gedownload.

ePUB-voorbeeld

Bekijk de afgeronde ePUB in de ingebouwde reader en inspecteer de HTML, afbeeldingen, OPF en NAV in de ePUB-editor.

- 1 We hebben ook een ingebouwde ePUB-reader waarin je de gegenereerde ePUB kunt bekijken.

- 2 Je kunt tussen secties springen en elke pagina vergelijken met de bron-PDF ernaast.

- 3 Daarnaast hebben we een ePUB-editor om de inhoud van het ePUB-bestand te bekijken en zo nodig aan te passen.

4 Zodra die geladen is, zien we alle bestanden in de ePUB.

5 Je ziet de afbeeldingen, en de HTML-bestanden voor elke sectie.

6 Hier is de OPF, met de toegankelijkheidsmetadata.

7 En de NAV, met de inhoudsopgave.

Bedankt
